Delegation Visit to Guangxi and Vietnam 20 -24 October 2009 (Tue - Sat)

The Association of Engineering Professionals in Society (AES) is organizing a delegation visit to Guangxi and Vietnam between 20-24 October 2009.

The rapid economic and business development in the ASEAN member countries provides an opportunity for local engineers to enter the market, given our competitive strengths and professionalism. The aim of this 5-day visit is to explore how the engineering professional services in Hong Kong could facilitate economic and business co-operation with the ASEAN Member Countries, particularly Guangxi and Vietnam. The delegation also enables Hong Kong engineers to understand more about the practicing requirements in the ASEAN member countries.

The delegation will be visiting the government departments, science and technology institutions in Nanning and Hanoi for knowledge and experience sharing. Delegates will also be visiting the 6th China-ASEAN Expo (CAEXPO) (第六屆中國-東盟博覽會) and attending the Forum, "Projects Development and Co-operation Opportunity between Mainland and the ASEAN Member Countries 《中国东盟工程项目合作与发展论坛》". CAEXPO is co-sponsored by the economic and trading administration of China and the 10 ASEAN countries as well as the ASEAN Secretariat, and is an international trade event held annually in Nanning, Guangxi, China. Since 2004, the CAEXPO has been concluded with great success for 5 consecutive years and has emerged as a superb platform for bilateral cooperation in the fields of trade, investment and tourism.

The visiting programme is co-ordinated by the Guangxi Association for Science and Technology with details as below (tentative):
