

# LEED Accredited Professional (AP) Building Design and Construction (BD+C) Exam Preparation and LEED New Construction (NC) and Core and Shell (CS) Project Implementation Training

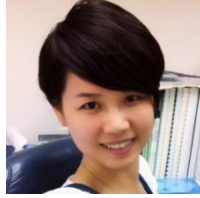

Organized by:

## Educator

### Ms. Lili Pan

Founder, Managing Director, L GEES Limited  
LEED AP BD+C, LEED AP O+M  
Certified Energy Manager  
USGBC Emerging Professional 2010-2011  
USGBC International Round Table Member  
Education Committees Chair of Platinum, a LEED professionals consortium in Hong Kong

Ms. Lili Pan has provided LEED consultant services for many landmark projects in East Asia. She is the first and so far the only Emerging Professional awarded by USGBC in Greater China region. In 2013, she received USGBC 'LEED in Motion' interview. Together with GEES Tech, Lili established L GEES in Sep. 2013 focusing on green building consultancy and education services.

### Mr. Alessandro Bisagni

Founder, Managing Director, BEE  
LEED AP BD+C  
BEAM Pro.  
USGBC International Round Table Member  
Founding Member of GBPP, a LEED professionals consortium in China

Mr. Alessandro has diverse project experience ranging from greenfield start-up's, factory construction, outsourcing, market research, data analysis, and environmental sustainability. First coming to Mainland China in 2006 as Environmental Projects Manager, Mr. Alessandro established BEE - Bisagni Environmental Enterprise in 2009, focusing on sustainable material outsourcing and green building consultant services. BEE is the consultant for the first LEED V4 certified project in China.

## Objectives

After the training, you will:

- ✓ Grasp the emphasis for LEED AP Building Design and Construction (BD+C) exams for the new version (V4)
- ✓ Have the knowledge of LEED NC (New Construction) and CS (Core and Shell) prerequisites and credits requirements
- ✓ Be capable to verify and perform building design and construction analyses required for LEED prerequisites and credits
- ✓ Understand the documentation requirements for a LEED NC and / or CS project from planning to handover
- ✓ Lead LEED consultancy work!

## Audience

This course is ideal for architecture, project manager, green building consultant, developer, sustainability coordinator, landscape architect, technical manager, energy engineer, MEP consultant or anyone interested in understanding green building principles, especially sustainable design, construction, management, purchasing, and plan to achieve a LEED AP BD+C credential.

After this training, you will get:

- ✓ LEED AP BD+C exam preparation workbook supported by authorized USGBC intelligent properties
- ✓ 500 mock exam questions
- ✓ One month follow up for your exam review
- ✓ One-year L GEES LEED AP Club membership
- ✓ Templates for LEED project submittals

**09:00 – 19:00, July 26 & 27, 2014**

@ Training Theatre, Cyberport, Hong Kong

### Day 1 – 2014.July.26 (Sat)

1. USGBC, GBCI, LEED Online introduction
2. LEED professional scheme introduction: LEED GA, AP and Fellow
3. LEED general introduction.
4. LEED BD+C Integrated Design, Location and Transportation Credits.
5. LEED BD+C Sustainable Sites prerequisites and credits
6. LEED BD+C Water Efficiency prerequisites and credits
7. LEED BD+C Energy and Atmosphere prerequisites and credits
