Hilti (Hong Kong) Limited

Annual Safety Conference 2017

Good Corporate Governance for Managing OSH and Risks

The sixth IOSH Hong Kong Annual Safety Conference and 17th AGM and Annual Dinner will be held at the Salisbury - YMCA of Hong Kong. The Conference will provide an excellent platform for both local and overseas professionals to exchange ideas and share their experiences on the initiatives and efforts for promoting corporate governance so as to manage OSH and risks at work.

Corporate Governance refers to the structures and decision making processes of an organisation to conduct affairs relating to OSH and risk management for ensuring its risks and safety are managed in an efficient and effective manner. The Conference aims to share the rationale, principles, strategies, and good practices in governing OSH and risks in order to fit within corporate governance for achieving a commonly acceptable standard.

Who should attend?

The conference will be relevant to executives, professionals and managerial staff, particularly safety and health professionals and those responsible for safety and health at work.

Why should you attend?

The conference will provide an important forum for the meaningful exchange of good practice and ideas on the initiatives and efforts for promoting corporate governance, and an excellent opportunity to share ideas, network with colleagues, make new contacts and learn from others in the profession.

IOSH members are invited to attend the Annual General Meeting of Hong Kong Branch immediately after the conference to hear about the branch's priorities and plans for the year ahead, and to see the new branch committee voted in. In the evening, join us with our honourable guests, speakers, government officials, branch committee members, other delegates at the annual dinner, taking place at the same venue. Enrolment for the dinner can be made separately.

IOSH is the Chartered body for health and safety professionals. With more than 44,000 members in over 120 countries, we're the world's largest professional health and safety organisation.

We set standards, and support, develop and connect our members with resources, guidance, events and training. We are the voice of the profession, and campaign on issues that affect millions of working people.

IOSH was founded in 1945 and is a registered charity with international NGO status.

Hong Kong branch was founded in 1999, and is one of the leading health and safety professional bodies in Hong Kong with more than 770 local members shouldering the same mission of IOSH. Its members are passionate about protecting people and are working to make sure that people are at the heart of health and safety. The Branch has been establishing significant connections and collaborations with government bodies, institutions, trade and labour unions and academia to instil the core value of health and safety in Hong Kong people.
